

Welcome to Spanish for Nurses!

This course was authored by Stephanie Langston of Hands on Spanish, Inc. with the feedback of over 200 nurses nationwide.

INSTRUCTIONS:

1. **Take each lesson in sequence.** Each lasts one to two hours.
2. Proceed at your own pace.
3. Budget practice time.
4. Practice frequently in short intervals.
5. **Take frequent breaks** to maximize retention. The course will remember where you leave off.
6. **Once you get to Lesson 8, you can choose from four different options for four different specialties.** View any or all of these, according to your own needs.
7. **Once you are done with all of the lessons, take the post assessment at RN.com. There is a link at the bottom of this page that will take you to the assessment. You are given three attempts to pass with a 75% or better.**

Thank you for taking this course!
